THE FESTIVAL AT A GLANCE

Two days, one campus, teams from across India

National Quantum Fest 2026 is a national-level quantum festival at SSIT, Tumakuru, on 28 and 29 November 2026. At its centre is a quantum hackathon with quantum, AI and software tracks, plus a GPU track built around CUDA. Around it there are expert talks, hands-on workshops and a sponsor showcase.

	On campus at SSIT, no online round
	Any college student in India, any branch
	A Quantum for schools morning for classes 8 to 12

We expect hundreds, if not thousands, of students to take part, with a grand finale on our campus. ●

FOR COMPANIES AND ORGANISATIONS

Why partner with us

Choose a package, or support one part of the festival.

1

REACH

Reach college students from across India while they build.

2

SET A CHALLENGE

Put your platform, API or hardware in their hands through a sponsored challenge.

3

OPT-IN RESUMES

Meet finalists who choose to share their resumes with partners.

Find your fit

Meet the finalists

ANY PARTNER

Offer a judge or a mentor. A partner's speaker or judge may join online.

SMALLER WAY

Offer internship interviews to the winning teams

SMALLER WAY

Host the winning team at your office or lab

Put your platform in their hands

TRACK

Name a track or challenge and set the problem

IN-KIND

Cloud and quantum credits, or software licences

SMALLER WAY

Give hardware prizes

Help more students take part

SMALLER WAY

Fund travel grants for teams from far regions

SMALLER WAY

Give a prize for the best all-women team

SMALLER WAY

Sponsor a shuttle bus from Bengaluru

Be seen

[See page 8 →](#)

SUPPORTER AND ABOVE

Logo on the website and the supporters' wall

SILVER AND ABOVE

Logo on banners

GOLD AND ABOVE

Logo on certificates

TITLE PARTNER

"Presented by" credit on all festival material

To talk it through, write to Mohammed Owais, Founder & President of QARC, at garc@ssit.edu.in.

PARTICIPANTS AND TRACKS

Who takes part

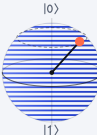

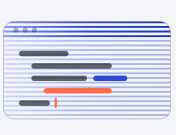

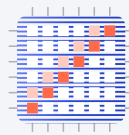

In the hackathon, teams of 3 to 4 students build projects in quantum, AI, software and GPU computing over two days, on campus at SSIT.

 COLLEGE STUDENTS Any college student in India can take part, undergraduate or postgraduate, in any branch.	 TEAMS Teams have 3 to 4 students. Students from different colleges can team up.	 ON CAMPUS Every team hacks on campus at SSIT, Tumakuru. There is no online round.	 QUANTUM FOR SCHOOLS A morning of demos and games for students in classes 8 to 12, who come with their teachers.
--	---	---	---

Four tracks in the hackathon

A team can work across tracks. It does not have to pick only one.

Prizes and opportunities will be announced with our partners.

 Quantum Write quantum programs. Qiskit is the main framework for this track. Ask about the Quantum track →	 AI Build with artificial intelligence. Ask about the AI track →	 Software Build working software. Ask about the Software track →	 GPU Write code that runs in parallel on GPUs. This track is built around CUDA. Ask about the GPU track →
--	---	--	--

Companies can sponsor a track or challenge as a Track Partner.

A Track Partner names a track or challenge, sets the problem, judges the entries and presents the prize on stage. The challenge can run on the partner's own SDK, simulator or hardware, or on GPUs other than CUDA. Several companies can each set a challenge in the same track. [See page 7](#)

IDEAS FOR PARTNERS

 Run a 30-minute hands-on workshop on your platform GOLD AND ABOVE	 Set a challenge on your API or hardware TRACK	 Give cloud or quantum credits or licences so teams build on your platform IN-KIND	 Demo your product at your table or stall SILVER AND ABOVE	 Present your prize on stage TRACK
--	--	--	---	--

PROGRAMME

What happens over the two days

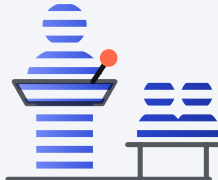

A company can sponsor a single moment: the Quantum for schools morning, the "India and the world in quantum" panel or the grand finale. It is credited at that moment as "Supported by *your company*".

Quantum hackathon

Four tracks for college teams from across India: quantum, AI, software and GPU.

[📍 All on campus at SSIT, with no online round.](#)

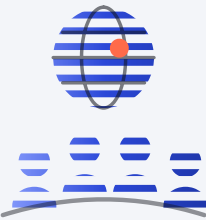

Expert talks and hands-on workshops

Title and Gold Partners can give a 30-minute talk or workshop. A partner's speaker or judge may join online.

Sponsor showcase

Partners can meet participants at stalls and tables.

India and the world in quantum

A panel in the festival programme.

[Sponsor this moment →](#)

Quantum for schools

A morning of demos and games for students in classes 8 to 12, who come with their teachers.

[Sponsor this moment →](#)

Grand finale ●

The grand finale takes place on the SSIT campus.

[Sponsor this moment →](#)

PACKAGES

Partnership packages

Supporter

- Logo on the website and the supporters' wall
- Swag or flyers in every participant kit
- Thanked on stage at the finale

[Ask about Supporter →](#)

Silver Partner

+ Everything in Supporter, plus

- Logo on banners
- A table at the sponsor showcase

[Ask about Silver Partner →](#)

Gold Partner

+ Everything in Silver, plus

- Logo on certificates
- A 30-minute talk or workshop
- A judge or mentor seat, and a stall
- Resumes from finalists who opt in

[Ask about Gold Partner →](#)

ONE PARTNER ONLY

Title Partner

The one partner that presents the festival.

[Ask about Title Partner →](#)

+ Everything in Gold, plus

- "Presented by" credit on all festival material
- The largest logo on stage, banners, website and certificates
- An opening address and a jury seat
- A premium stall

Packages can be combined or tailored. Contact us for pricing.

Start-ups: [ask us about a package sized for you. →](#)

More ways to support: [see page 7 →](#)

 Resume access is opt-in only. Participants tick a separate consent box at registration.

PACKAGES, CONTINUED

More ways to support

Track Partner

Name a track or challenge, set the problem, judge the entries and present the prize on stage. Cash or in kind.

Your challenge can run on your own SDK, simulator or hardware, or on GPUs other than CUDA. Several companies can each set a challenge in the same track. Qiskit and CUDA stay the main frameworks of the quantum and GPU tracks.

[Ask about Track Partner →](#)

In-kind partners

Cloud and quantum credits

Software licences

Swag

Food and beverages

Media coverage

Credited on all festival material.

[Ask about in-kind partners →](#)

Smaller ways to support

Each of these is something a partner can provide or fund. To sponsor a single moment, [see page 5](#).

TRAVEL

- + Sponsor a shuttle bus from Bengaluru
- + Fund travel grants for teams from far regions

OPPORTUNITIES

- + Offer internship interviews to the winning teams
- + Host the winning team at your office or lab

WI-FI AND LIVESTREAM

- + Sponsor the hackathon Wi-Fi. SSIT has campus-wide Wi-Fi.
- + Sponsor the livestream

PRIZES

- + Give a prize for the best all-women team
- + Give a named prize for a track or challenge
- + Give hardware prizes

AT THE FESTIVAL

- + Provide participant T-shirts
- + Provide meals
- + Provide coffee

WHAT A SMALLER WAY EARNS

- 🎤 Thanks on stage at the finale
- 🏷️ Your name on the item, as in "Coffee by *your company*"
- 📺 Your logo on the website
- 👕 Your logo on the item where it fits, such as a T-shirt, the shuttle or a prize

Support does not have to be cash. We welcome in-kind support, speakers, judges and stalls.

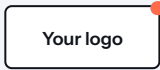

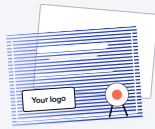

Judges and mentors are welcome from any partner. A partner's speaker or judge may join online.

[Ask about any of these →](#)

VISIBILITY

Where your name appears

Where each package puts your name. Each package includes everything in the packages before it: Supporter, then Silver, then Gold, then Title Partner.

LOGO SIZE Grows with the package on the website, banners and certificates it includes.  Supporter Small  Silver Partner Medium  Gold Partner Large  Your logo Title Partner Largest			
ILLUSTRATION  Stage Title Partner The largest logo on stage Track Partner Presents the prize on stage Supporter and above Thanked on stage at the finale	ILLUSTRATION  Talks and judging Title Partner An opening address and a jury seat Gold and above A 30-minute talk or workshop, and a judge or mentor seat Track Partner Sets the problem and judges the entries	ILLUSTRATION  Banners Title Partner The largest logo on banners Silver and above Logo on banners	ILLUSTRATION  Certificates Title Partner The largest logo on certificates Gold and above Logo on certificates Certificates are printed for finalists and digital for all participants.
